

SILVERTON TEAMKIDS NEWSLETTER

WHAT'S BEEN HAPPENING

The first week of Term 4, we marked a truly special milestone—**29 years of OSHCare** at Silverton Primary School. For 27 of those years, the program remaining a constant as Coordinator throughout. This long was proudly operated by the school itself, and for the past two years, it has been managed by TeamKids, with **Michelle** -standing commitment to providing quality care for our children is a significant achievement and one well worth celebrating. To honour the occasion, the children enjoyed a special afternoon tea, complete with a birthday cake and healthy fruit, veggie, and cheese platters. The celebration was lively and engaging, filled with fun activities such as pass the parcel and various music games. Laughter echoed throughout as children won prizes and shared in the joy of the day. It was a wonderful reminder of the strong foundations built over nearly three decades of dedicated care and support. We look forward to continuing this journey together with our children, families, and wider community.

SPRING Vacation Care was a great success, please share with us what your children enjoyed and ideas for the January Vacation Care. We can pass your feedback on to TeamKids so we can continue to improve our program.
