

VISION STATEMENT

'Silverton Primary School is a school that maximises student learning, a place of optimism, excitement and challenge where students and teachers see each day as a journey, full of purpose, and where intellectual engagement and connectedness to the real world are priorities.'

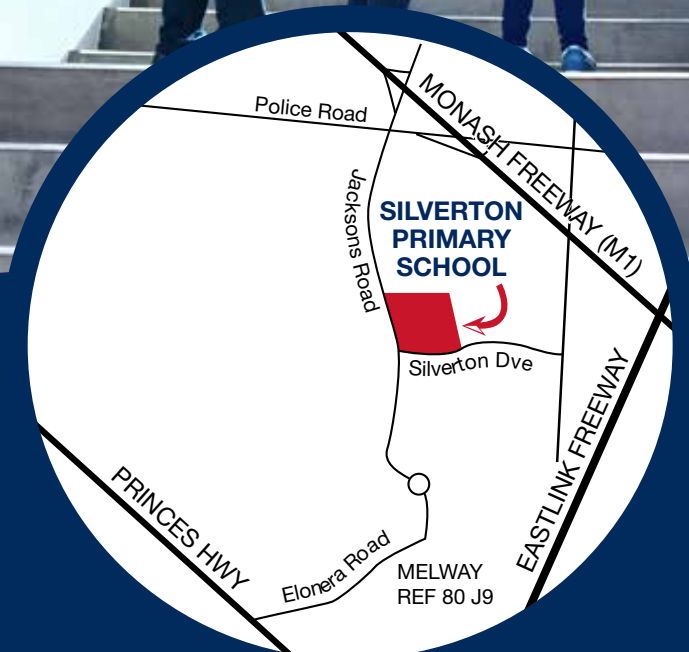

We value... The Silverton Super Students Program (#SSS) is designed to recognise and acknowledge positive student behaviour. This resilience building program helps our students understand their emotions and feelings, while assisting them to regulate their own behaviour and develop a positive growth mindset.

ENGAGING CURRICULUM

Silverton's curriculum is at the forefront of education. It is dynamic and constantly adjusting to meet the needs and interests of all the students.

The Victorian Curriculum is implemented with a particular emphasis on developing student's literacy and numeracy skills.

Silverton's programs are based on authentic learning practices and aim to ensure all students are engaged in purposeful learning experiences.
