

Grade 6 Camp

On Monday morning, all the Grade 6s sprinted to LC5 to do the roll so we can get on the bus. At 9:30 we entered the bus and started our journey. We stopped at Heathcote for a little snack and lunch break and continued the trip. When we arrived at the camp, we had a quick tour and went straight to our cabins. After 15 minutes our activities had started. The activities were canoeing, archery, raft building, laser tag, rock climbing, initiatives and orienteering. Out of all the activities, my favourite is laser tag because it was so fun since I don't get to do it very often. For breakfast we had toast and cereal, for lunch we had vegetable rolls and sandwiches. For dinner we had good food everyday like a hashbrown. Desert was the best part. We had ice-cream which sprinkles and jelly cups. Everyone enjoyed this refreshing time and had lots of fun in recreation time. Some activities we did in recreation time were basketball and the swimming pool. Camp was a brilliant adventure!

Grade 6 camp was more fun than grade 4/5 camp in a lot of ways. We stopped at Heathcote for an early lunch and got to the camp and got straight into activities after being showed our cabins and activity groups. My cabin included Raaga, Justin, Lucas F, Zachary and I. We had initiatives before dinner that my group had to serve. On Tuesday we had breakfast and did ropes course, rock climbing and laser tag. At night, we did a one minute to win it but it was 2 minutes with lots of challenges to complete. On Wednesday, we had a day trip to Bendigo and we visited the military museum and gold mines where we learnt about lots of interesting things about history involving the military and we got to go underground into the mines to take a look at how the miners worked to get the gold out of the ground. I also had to serve breakfast. At night we had a trivia that my group got about 30 of the possible 40 points. On Thursday, we did canoeing and rafting before doing the Amazing Race that my team came second in. We had the awards night that night and I got the 'give it a go' award from Mr. Pollard. I woke up on Friday happy that it was the last day and did the last activity, orienteering. We got on the bus and left! It was a little bit sad, but I was happy to go home and sit on the bus for a good 2 hours and 50 minute trip.
