

# LC1 Zoo Excursion

On the 24 of June LC1 went on an excursion to the Melbourne Zoo.

The first thing LC1 Students did was ask a teacher what group they were in. The second thing they did was find their teacher. The third thing they did was hop on the bus and arrive at the zoo and eat their fruit.

Next, the students walked around the Zoo and visited lots of animals such as lions, cheetahs, turtles, penguins, seals, tigers and giraffes. We heard rangers talk about lions and other animals and learnt lots of new facts.

LC1 had LOTS of fun on this excursion and it tied in so well to our Maths Investigation. Thank you to all the teachers and parents who helped make this day successful.
